

PDEx2026 参会指南 · Participant Guide

Protoplanetary Disks & Exoplanets 2026

20–22 September 2026 · KIAA, Peking University, Beijing

Version of 19 September 2026 (programme subject to minor updates)

1 · Conference at a glance 会议速览

- Dates: Sunday 20 – Tuesday 22 September 2026. Sessions 09:00–12:00 and 14:00–17:30 (Tuesday 22 September ends ~17:05).
- Venue: KIAA auditorium, Kavli Institute for Astronomy and Astrophysics, Peking University, 5 Yiheyuan Road, Haidian District, Beijing (北京大学校内 · 科维理天文与天体物理研究所报告厅 · 北京市海淀区颐和园路5号).
- Registration desk: opens 08:30 on Sunday 20 September (KIAA, ground floor).
- Campus access: entry via the East Gate (北大东门) — reservations have been made for registered participants; simply show your passport/ID to the guard.
- Group photo: Sunday 20 September, 10:15, in front of the auditorium.
- Coffee/tea: served during morning and afternoon breaks (included).
- Conference dinner: Sunday 20 September, 18:00–20:00 (venue announced at the desk; students have separate arrangements).
- Optional excursion: Wednesday 23 September, Summer Palace (颐和园) morning walk — meet 08:30 at KIAA (sign-up list with the organisers).

2 · Venue & surroundings 会场与周边

Map: surroundings of the KIAA auditorium (© AutoNavi). Nearest metro: Beida Dongmen 北大东门 (Line 4, ~10 min on foot). Taxis: ask for “北大东门” (Peking University East Gate).

3 · Internet access 网络

- Venue WiFi (auditorium): SSID “auditorium”, password 12344321 (WPA2; also reaches the foyer).
- Campus WiFi eduroam is available for visitors from eduroam member institutions.
- All sessions are streamed live on Zoom: <https://uvic.zoom.us/j/9299440896> (no passcode; link also on the poster and website). Remote speakers have been scheduled at times friendly to their time zones.
- Sessions may be recorded and an AI “expert audience” assistant may operate during talks — only with the speaker’s prior consent; consent can be withdrawn at any time.

Visit Beijing (official tourism)

<https://en.visitbeijing.cn>

- Chinese version of the tourism portal: <https://www.visitbeijing.com.cn>

5 · Nearby shopping & dining 周边商圈与餐饮

- On campus: of the PKU canteens, only the Jiayuan Canteen 家园食堂 (餐饮综合楼) — 4th floor — is open to external visitors and accepts cash / WeChat Pay / Alipay; all other campus canteens accept the university campus card only. The Jiayuan Canteen sits in the south-western campus, ≈1.2 km (15 min) walk from KIAA — see the campus map below. Coffee/tea is served at the venue during the breaks.

Campus map (© AutoNavi · OpenStreetMap): KIAA, workshop venue (blue) · Jiayuan Canteen 家园食堂 4F, visitor-friendly dining (red) · East Gate 东门, campus access (grey). Dashed line: ≈ 1.2 km walk.

- Chengfu Road 成府路 (5–10 min walk from the East Gate): cafés, bakeries and casual restaurants.
- Wudaokou 五道口 (~ 2 km east; Line 13 / 10 min taxi): international and Korean dining, supermarkets, malls.
- Zhongguancun 中关村 (~ 2 km south; Line 4 / 10 min taxi): shopping malls (e.g. 新中关, 欧美汇) with bookstores and a wide choice of restaurants.
- Most restaurants stop serving around 21:30–22:00; convenience stores are open 24 h.

6 · Beijing tourism 北京旅游

- Official tourism portal (EN): <https://en.visitbeijing.cn> (QR above) — sight descriptions, itineraries, transport and ticket advice.

- Classics: the Forbidden City 故宫 and Temple of Heaven 天坛 (allow ~half a day each), Great Wall at Mutianyu 慕田峪 (full day), hutong lanes around Shichahai 什刹海/南锣鼓巷 (evenings).
- The Summer Palace 颐和园 — destination of our 23 Sept excursion — is ~15 min from campus (Line 4 direct).
- Popular sights require advance booking via official mini-programs/apps (passports accepted for foreigners); mid-September is high season.

7 · Practical information 实用信息

- Weather: mid-September Beijing is dry and mild, ~15–27 °C; bring a light jacket for air-conditioned rooms and cool evenings.
- Payment: mobile payment (Alipay/WeChat Pay) is ubiquitous; foreign cards can be linked in the Alipay app; cash is accepted but rarely needed. Some small vendors do not take foreign cards.
- Transport: metro is fast and cheap (tickets at machines or “亿通行” app QR); Didi 滴滴 (app) or taxis — show the address in Chinese; from Capital Airport PEK allow 45–60 min (~¥100–130 by taxi).
- Health & safety: emergency numbers 110 (police), 119 (fire), 120 (ambulance). Nearby major hospital: Peking University Third Hospital 北医三院 (~10 min by taxi). Pharmacies around Zhongguancun.
- Power: 220 V/50 Hz, Chinese two-flat-pin sockets (type A/I); adapters are available at convenience stores.

8 · Contact 组织者联系方式

- Lile Wang (organiser, on site throughout): mobile +86-18910759671 · e-mail lilew@pku.edu.cn (WeChat available — QR at the registration desk).
- Suwei Wang (on-site support, on campus throughout): mobile +86-18951250626 (WeChat available).
- Workshop mailbox: pdex2026@163.com.
- For immediate help during sessions, ask the staff at the registration desk.

9 · Participants & programme 参会者名单与日程

The full participant list and programme are attached as a PDF at the end of this guide (landscape pages) — also available online via the QR code / link in §4.

Date	Day	Start	End	Duration	Speaker	Affiliation	Mode	Title / item
PDEx2026 Scientific Programme · Sept 20–22, 2026 · KIAA, Peking University · Online access: https://uvic.zoom.us/j/9299440896								
2026-09-20	Sun	9:00	12:00		SESSION 1 · Star formation & protostellar disks (恒星形成与原恒星盘) · Chair: TBD			
2026-09-20	Sun	9:00	9:15	15	KIAA Director	KIAA, Peking University	In person	Opening remarks
2026-09-20	Sun	9:15	9:45	30	Hsien Shang	ASIAA	In person	Connecting star formation and planet formation
2026-09-20	Sun	9:45	10:15	30	Kengo Tomida	Tohoku University	In person	Formation and Early Evolution of Protoplanetary Disks under Nonuniform Cosmic-Ray Ionization
2026-09-20	Sun	10:15	10:25	10	Group photo	All participants	In person	Group photo (outdoors if fine)
2026-09-20	Sun	10:25	10:50	25	Coffee break			
2026-09-20	Sun	10:50	11:20	30	Hauyu Liu	National Sun Yat-Sen University	In person	TBD
2026-09-20	Sun	11:20	11:50	30	Kei Tanaka	Institute of Science Tokyo	In person	Dust and Gas Inside the Snow Line: Massive Protostellar Disks as Hot Laboratories
2026-09-20	Sun	11:50	12:00	10	Buffer / discussion			
2026-09-20	Sun	14:00	17:30		SESSION 2 · Disk observations, dust & structure (原行星盘观测、尘埃与结构) · Chair: TBD			
2026-09-20	Sun	14:00	14:30	30	Chris Ormel	Tsinghua University	In person	Resonant multi-planet systems: Fitting astrometric data with periodic orbits
2026-09-20	Sun	14:30	15:00	30	Can Cui	Nanjing University (Suzhou)	In person	A generalized model for multiple rings in protoplanetary disks
2026-09-20	Sun	15:00	15:25	25	Coffee break			
2026-09-20	Sun	15:25	15:55	30	Haifeng Yang	Zhejiang University	In person	Probing Magnetic Fields in Protoplanetary Disks with Near-IR Polarimetry: The HD 34700A Case and Beyond
2026-09-20	Sun	15:55	16:25	30	Daniel Price	Monash University	In person	Infall and what it means for planet formation in protoplanetary discs
2026-09-20	Sun	16:25	16:55	30	Daniel Harsono	National Tsing Hua University	In person	JWST observations of jets and winds toward edge-on disks
2026-09-20	Sun	16:55	17:05	10	Jinlin Li	KIAA, Peking University	In person	When Shadows Move: Probing Dynamic Inner Disks with Multi-Epoch Scattered-Light Imaging
2026-09-20	Sun	17:05	17:15	10	S. Maitrey	KIAA, Peking University	In person	TBD
2026-09-20	Sun	17:15	17:25	10	Zhuhai Li	KIAA, Peking University	In person	TBD
2026-09-20	Sun	17:25	17:30	5	Lile Wang	KIAA, Peking University		
2026-09-20	Sun	18:00	20:00		EVENING EVENT · Conference dinner 宴请 (banquet) · Venue: TBD			
2026-09-20	Sun	18:00	20:00	120	CONFERENCE DINNER (banquet)			
2026-09-21	Mon	9:00	12:00		SESSION 3 · Planet-disk interactions, planet formation & dynamics (行星-盘相互作用、行星形成与动力学) · Chair: TBD			
2026-09-21	Mon	9:00	9:30	30	Pinghui Huang	Purple Mountain Observatory	In person	Planetesimal Formation under Realistic Gas Dynamics
2026-09-21	Mon	9:30	10:00	30	Songhu Wang	Indiana University, Bloomington	In person	Direct Evidence for the High-e Origin of Large Stellar Obliquities
2026-09-21	Mon	10:00	10:25	25	Coffee break			
2026-09-21	Mon	10:25	10:55	30	Min-Kai Lin	ASIAA/IAS	Online	Locally global models of the Convective Overstability in protoplanetary disks
2026-09-21	Mon	10:55	11:25	30	Zhuo Chen	Tsinghua University	In person	thermodynamics of viscously heated circumplanetary disks

2026-09-21	Mon	11:25	11:35	10	Yang Ni	Tsinghua University	In person	The follow-up evolution of gravitational instability (GI) fragments
2026-09-21	Mon	11:35	11:45	10	Jing Yang	Tsinghua University	In person	Spectral energy distributions of circumplanetary disks
2026-09-21	Mon	11:45	11:55	10	Zhixuan Li	Department of Astronomy, Tsinghua University		Mapping Ice and Vapor in 2D Hydrodynamic Simulations of Disk Snowlines
2026-09-21	Mon	11:55	12:00	5	Buffer / discussion			
2026-09-21	Mon	14:00	17:30		SESSION 4 · Dust microphysics, snow lines, chemistry & planetesimal formation (尘埃微物理、雪线、化学与星子形成) · Chair: TBD			
2026-09-21	Mon	14:00	14:30	30	Sebastiaan Krijt	University of Exeter	Online	Cosmic Cascades and Beyond
2026-09-21	Mon	14:30	15:00	30	Michael Cecil	MPIA	Online	The (in)stability of the inner disc
2026-09-21	Mon	15:00	15:30	30	Mario Flock	MPIA, Heidelberg	Online	Dust-drag instabilities and substructures in protoplanetary disks
2026-09-21	Mon	15:30	15:55	25	Coffee break			
2026-09-21	Mon	15:55	16:25	30	Satoshi Okuzumi	Institute of Science Tokyo	In person	Heating protoplanetary disks by planet-induced spiral shocks
2026-09-21	Mon	16:25	16:55	30	Lile Wang	KIAA, Peking University	In person	TBD
2026-09-21	Mon	16:55	17:25	30	Kan Chen	KIAA, Peking University	In person	Hot Gaps Carved by Giant Planets Complicate Ice Line Locations and Trigger Dust Ring Formation in Disks
2026-09-21	Mon	17:25	17:30	5	Buffer / discussion			
2026-09-22	Tue	9:00	12:00		SESSION 5 · Disk winds, MHD, turbulence & disk dynamics (盘风、磁流体、湍流与动力学) · Chair: TBD			
2026-09-22	Tue	9:00	9:30	30	Yoram Lithwick	CIERA, Northwestern University	Online	The Protoplanetary Disk Ecosystem
2026-09-22	Tue	9:30	10:00	30	Xuening Bai	Tsinghua University	In person	The Protoplanetary Disk Ecosystem
2026-09-22	Tue	10:00	10:25	25	Coffee break			
2026-09-22	Tue	10:25	10:55	30	Mordecai-Mark Mac Low	American Museum of Natural History	Online	From Dust Grain Surfaces To Streaming Instability in MRI Turbulence
2026-09-22	Tue	10:55	11:25	30	Xiao Hu	Harbin Institute of Technology	In person	MHD Winds vs. Photoevaporation: Identifying Outflow Mechanisms by Morphology
2026-09-22	Tue	11:25	11:55	30	Yinhao Wu	NAOJ / EACO	In person	Measuring the Spatial Extent of a Wind from a Gapped Disk Using Spectro-Astrometry
2026-09-22	Tue	11:55	12:00	5	Buffer / discussion			
2026-09-22	Tue	14:00	17:05		SESSION 6 · Exoplanets: detection, imaging & dynamics (系外行星：探测、成像与动力学) · Chair: TBD			
2026-09-22	Tue	14:00	14:30	30	Fei Dai	University of Hawaii		
2026-09-22	Tue	14:30	15:00	30	Zhuoxi Huo	CASI 觅音科学中心 (MEAYIN Science Center)	In person	TBD
2026-09-22	Tue	15:00	15:30	30	Meng Zhai	National Astronomical Observatories, CAS (NAOC)	In person	Tianlin: a 6+m UV-VIS-NIR space telescope for the exploration of exoplanet and biosignatures
2026-09-22	Tue	15:30	15:55	25	Coffee break			
2026-09-22	Tue	15:55	16:25	30	Xuesong (Sharon) Wang	Tsinghua University	In person	Connecting Observations of Mature Planets with Formation
2026-09-22	Tue	16:25	16:35	10	Suwei Wang	KIAA, Peking University	In person	Twinkle: GPU-based algorithms of efficient exoplanet searching with microlensing
2026-09-22	Tue	16:35	17:05	20	Lile Wang	KIAA, Peking University	In person	Closing remarks
